EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Fedrick on 11/21/08.

The application has been amended as follows:

Please cancel claims 26-30 and 33-37.

Allowable Subject Matter

Claims 1-3, 8, 10-20, 22-23 and 25 are allowed.

The following is an examiner's statement of reasons for allowance: No prior art could be found to teach all of the claim limitations. In particular, no prior art could be found to teach the claimed search system wherein a search inquiry is entered into a first server in a uniform operative language. That server then simultaneously forwards the received search inquiry to a plurality of other servers whom all perform the search simultaneously. The plurality of other servers is able to perform the search in different human languages than the operative human language of the first server.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to AZIZUL CHOUDHURY whose telephone number is (571)272-3909. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenton B. Burgess can be reached on (571) 272-3949. The fax phone
